The K-12 Nutrition Challenge:

SERVE MORE.

SERVE FASTER.

SERVE SMARTER.

We Can Help. It's a new era for K-12 Nutrition.

There are too many alternatives drawing revenue away from schools including off campus fast food restaurants, convenience stores, and the lack of dedicated cafeterias to name a few.

To manage, schools need innovative new ways to nourish young lives and help their programs thrive. That's where Federal Industries comes in.

Federal Industries has re-engineered the traditional milk merchandiser, creating an innovative Grab & Go solution that offers convenient customer access, rear reloading capability, and is easy to clean. The adaptable design features the ability to accommodate a large volume of milk crates as well as adjustable shelving to feature other refrigerated food and beverage products.

- Rigorously tested temperature controls keep products fresh and safe
- Self-serve design keeps cafeteria lines flowing smoothly, regardless of staff availability
- Lower bottom deck is accessible to even the youngest user
- Optional roll-down security cover for secure overnight storage – no need to transfer merchandise at the end of the day
- User-friendly electronic temperature controls with on-demand defrost

Serving Up What K-12 Nutrition Needs!

Grab & Go Dining Engineered for Schools

BUILT FOR YEARS OF TROUBLE-FREE SERVICE

American made to meticulous standards

- Powder coated metal frames withstand high humidity and repetitive movement and NEVER warp or weaken like wooden frames
- Premium materials – rust-free stainless steel deck pans, moisture-proof side panels that won't delaminate, and coated evaporator coils that resist corrosion
- Energy efficient, long lasting, LED lights
- Every model rigorously tested in our UL-approved laboratory to ensure temperature uniformity and food safety

ADAPTABLE

Keep merchandise relevant with merchandisers that adapt to changing demands

- Shelves and lighting adjust to display virtually any menu item
- Add casters for easy relocation
- Combine multiple merchandisers for an efficient line-up and consistent presentation

EASY & EFFICIENT

Conserve energy, preserve food and beverage quality and reduce labor

- Replace lights, move shelves, and do routine maintenance without tools
- Sensor-driven defrost reduces energy consumption
- Insulated cabinets conserve energy
- Energy efficient LED lighting
- Optional rear door access for uninterrupted service while restocking

CUSTOMIZABLE

Virtually limitless customization opportunities

- Tailor your merchandiser's with laminates, rear loading doors, internal colors and many other options including joining multiple cases together to create a continuous line-up
- Designed-to-order graphics – from menu promotions to your school mascot

The Right Fit for Any K-12 Nutrition Program!

Solutions Built to Ace Any Space

Limited floor space for merchandising, on top of an already-congested lunchtime rush? Federal Industries knows that K-12 environments need dynamic, flexible merchandising solutions that can accommodate a variety of floor plans and space constraints. That's why we offer an impressive range of adaptable merchandisers built to suit your school's needs and incorporate the product variety needed to support a balanced nutrition program.
